

SPECIAL AWARDS CRITERIA AND POLICY

Rationale

Urangan State High School recognises outstanding student achievement through the presentation of awards at timely junctures throughout the school year. This policy outlines the criteria a student needs to meet to receive each type of award, how often the award is presented, and at which event or ceremony the award is presented. It also outlines the nomination process for students and how a decision is reached, eg Special Awards. It is intended to make the process clear for the school community. Unless otherwise stated, a student needs to fulfil all of the criteria for a particular award to be considered.

This policy addresses awards where Urangan State High School holds the responsibility to:

1. decide who will receive the award; and
2. present the award.

This policy does not address awards that a student may achieve independent of the school or where the decision on who receives the award rests with an outside agency. (*Example: AMEB Music exams, Scout Badges, Australian Mathematics Competition*).

Organisation

Awards are grouped in categories based on the achievement they are presented to acknowledge:

- Academic achievement
- Student Participation
- Student Attendance
- Application and Industry
- Special Awards
 - Creative Futures
 - Leadership and School Service

Definitions

Level of Achievement (LoA) – commonly referred to as Grades, these are A-E ratings, with A being the highest and E being the lowest. A rating of N indicates the student is Not Rated for that area.

Grade, Behaviour and Effort Point Average (GPA, BPA & EPA) – LoAs are converted to a number and averaged across all subjects each term (A=5, B=4, C=3, D=2, E=1). GPA, BPA and EPA are expressed as a number between 0 and 5, to two decimal places. *Vocational Education and Training competencies are not used in the calculation.*

Queensland Curriculum and Assessment Authority (QCAA) – is a statutory body of the Queensland Government. The QCAA plays a critical role in the design and delivery of education in Queensland in collaboration with a range of stakeholders and partner agencies. Subjects offered at school that receive an A-E LoA are QCAA subjects.

Vocational Education and Training (VET) - Designed to deliver workplace-specific skills and knowledge, VET covers a wide range of careers and industries, including trade and office work, retail, hospitality and technology. Subjects offered at school or with external agencies that are assessed on a competency basis.

Awards Night –ceremony for highest level award recipients, scheduled for Term 4, 2026.
