## Principal's foreword

### Introduction

This is our school's 19th annual report, which provides parents and members of the school community with information about the school's activities and performance during 2015. It highlights our strengths and identifies areas for development and improvement during 2016.

The school Annual Report is a public document required for school and Education Queensland's accountability and improvement purposes. It provides valuable information for Education Queensland and members of the school community on the achievements of our school against declared systemic and school priorities as outlined in our 2015 Annual Improvement Plan.

Student counts are based on the Census (August) enrolment collection.

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2015, there were no students enrolled in a Pre-Prep program.\*

\*Pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

### Characteristics of the student body

The city of Hervey Bay is located a comfortable three and a half hour drive or 45 minute flight north of Brisbane. With the extension of the Hervey Bay Airport completed, jet aircraft fly directly to Hervey Bay from Sydney.

Hervey Bay is one of the main access points to Fraser Island and major regional tourist attractions. It is renowned as a destination for backpackers. The whale watching industry has grown to a level where approximately 75,000 visitors per annum depart from Hervey Bay on daily whale watching trips. In total, approximately 600,000 visitors come to the region each year.

Lifestyle is the reason most people give for moving to Hervey Bay and the reason they give for staying. Young couples, growing families, older couples establishing small businesses, retirees - all are captivated by Hervey Bay's enchanting mix of natural attractions, idyllic climate, relaxed pace, modern facilities, broad educational opportunities, exciting tourism ventures and friendly people. All of this is within easy reach of Brisbane, the Gold and Sunshine Coasts, Fraser Island and Central Queensland. Continued strong growth has seen Hervey Bay's population skyrocket from only 30,000 in 1991 to approximately 55,000 in 2011. Trends show this growth rate - one of Australia's highest - will continue well into the next century. The Fraser Coast Regional Council continues to focus on planning for growth, with intensive town planning, exciting urban designs and upgraded infrastructure. Industrial growth is matching population growth, particularly in tourism, service industries, retailing and light industries.

Urangan State High School sits at the heart of the rapidly developing suburban communities of Kawungan, Torquay and Urangan as well as the semi-rural areas of Booral and River Heads.

Urangan State High School recognises as its prime obligation, the provision of access to an appropriate educational service for students resident within this community as defined by its local catchment area.

Due to enrolment capacity and growth, Urangan State High School may be unable to meet this obligation in the future to manage its enrolment. An enrolment management plan commenced in Term 2 2010 and sets out the conditions under which students may be enrolled into Urangan State High School.

The school is involved in and is committed to the School Industry Training Experience (SITE) Program to provide students in years 10, 11 and 12 with on-the-job work experience. Additionally students are offered structured on-the-job vocational training through school based apprenticeships and traineeships, the GenR8 program and external RTOs. As well, the school in 2015 was fully committed to maintaining a partnership with East Coast TAFE in delivering nationally recognised certificates to our year 11 and 12 students, to enable them to focus on their career goals.

The school has an established School Council as well as very committed Parents and Citizens' Association. These forums are heavily involved in the decision-making processes within the school. Members of these forums are committed to enhancing student learning outcomes, and providing greater support and guidance with the strategic direction of our school

Partnerships have also been established with all other schools in Hervey Bay as well as other government agencies with relation to the youth of Hervey Bay, examples include: Queensland Police Service – School Based Police Officer; Queensland Health – School Based Youth Health Nurse; Fraser Coast Regional Council – Youth Workers; Department of Families – Social Workers; Fraser Coast Education Alliance, University of the Sunshine Coast, University of Southern Queensland – Fraser Coast campus Hervey Bay and the Bay State Schools cluster.

The school also has an International Student program in conjunction with Education Queensland International. In 2015 there were 46 International students from Germany, Italy, Norway, Austria, Brazil and China. Currently in 2016 we have 38 International students who have studied or have been accepted to commence at Urangan SHS in semester 2. These students are coming from Germany, Italy, Brazil, Luxembourg, Norway and China.

The school is also hosting its second study tour in recent years, this year 23 Taiwanese students will be visiting our school with two teachers and will be involved in a cultural program to give them an insight into life and school in Australia. This program continues in 2016 with the school having a Level 2 Accreditation from Education Queensland International.

| Year 11 – Year 12          | 19                 | 18   | 18   |

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

### School disciplinary absences

| Disciplinary Absences           | Count of Incidents |       |        |
|---------------------------------|--------------------|-------|--------|
|                                 | 2013               | 2014* | 2015** |
| Short Suspensions - 1 to 5 days | 341                | 399   | 501    |
| Long Suspensions - 6 to 20 days | 35                 | 6     | 16     |
| Exclusions                      | 5                  | 5     | 6      |
| Cancellations of Enrolment      | 4                  | 24    | 13     |

\* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

\*\*From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

## Curriculum delivery

### Our approach to curriculum delivery

The provision of an excellent schooling experience for students in the twenty first century requires a multi-faceted and flexible approach. Our society is characterised by rapid economic change, cultural diversity, pervasive growth in information and communication technology and an increasingly competitive labour market. The Urangan State High School Curriculum Framework and Philosophy encompasses the Education Queensland response to the government's 'Smart State' strategy, whilst responding to the local community needs and wishes / perceptions of what is a quality curriculum.

Urangan High School's curriculum philosophy incorporates the following principles:

1. Teaching strategies and curriculum focusing on the maturity levels of students. The learning and development needs of middle school students (Year 8 & 9) are different to those of senior school students (Years 10, 11 & 12).
2. An extensive range of academic and co-curricular options that cater for the full range of students.
3. A broad range of extra-curricular programs which supplements the school curriculum.
4. Achievement of a minimum standard for promotion from the middle school to the next with provisions to achieve minimum standards.
5. A rich spiralling semester based curriculum that suits the unique dynamics of the Hervey Bay community

In response, the Urangan High School curriculum includes provisions for the following:

- High levels of social support
- Safe environment
- Community links
- Internationalism
- Skills and knowledge for the knowledge economy
- Communication and information technology
- Literacy
- Numeracy
- Increasing retention rates
- Expanded and relevant pathway options for students

## How Information and Communication Technologies are used to Improve Learning

Teachers support students to become skilful in safely, legally and ethically using technologies and digital resources to learn new concepts, deepen understandings, collaborate and create new ideas and knowledge. Teachers also support students to use technology in learning, by assisting them to find quality, relevant resources, and guide them in critically evaluating the notions of others and creating and publishing their ideas for a wider audience. The use of interactive whiteboards in classrooms improves student engagement; and peer collaboration and mobile learning is encouraged through the use of virtual classrooms that are accessible through the internet anywhere, anytime. Digital tools are also a valuable aide in providing alternative learning strategies for students needing support in their learning or students who require extension activities.

In 2015, students in years 9 to 12 had the opportunity to belong to the 1:1 laptop or tablet program. All year levels were supported by school-owned devices to provide equity and accessibility for students to use in classes where computer use was required for learning and assessment. The BYOx technical solution was purchased and installed in fourth term of 2015. Students from all year levels were invited to connect their personal devices as a testing and trial phase. In 2016, students in years 7 and 8 are encouraged to bring their own compatible laptop or tablet devices to school. Students in years 9 to 12 have the opportunity to belong to the 1:1 tablet program or to bring their own device. All year levels will be supported by school-owned devices to provide equity and accessibility for students to use in classes where computer use is required for learning and assessment. The BYOx technical solution is available in the school for all students to connect their personal devices to. This provides: secure, filtered access to the internet; access to G and H drives; and access to printers.

## Social climate

At Urangan State High School, all teachers maintain a safe and supportive learning environment through a skilled application of the Essential Skills for Classroom Management. Our school Leadership Team are trained Advanced Classroom Profilers. They visit teacher 4 times per year to provide support and coaching for all teachers, in order to maintain our excellent learning environments.

Our School implements an anti-bullying program which also encompasses cyber bullying as part of our SELF (Social and Emotional Learning Focus) lessons. These lessons encompass 5 broad keys for success -Confidence, Persistence, Organisation, Getting Along and Resilience.

We believe it is important to establish a learning community within each classroom and dedicate time for children to understand themselves as learners and for partnerships to be developed both within the classroom and between home and school.

Rewards for good behaviour include Merit Points, Letters of Commendation and Rewards Trips. Recognition is made each fortnight on assembly for the students with the most Merit Points in each year level.

## Parent and community engagement

Urangan State High School welcomes parental involvement. Our school motto of "Working Together to Learn" includes a strong working relationship between Teachers and Parents / Guardian so that students achieve to their full potential. Participation via the Parents and Citizens Association, special purpose committees and working parties is also welcomed.

Parents are invited to participate and share various school celebrations such as our annual Leadership Induction and Awards Night. Parents are also invited to attend parent information sessions, parent teacher interviews, welcome nights as well as numerous school dance, drama and music performances throughout the year.

## Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

At Urangan State High School we have number of water storage tanks which are utilised to supply water to toilet blocks. We also have a large school dam that is used to irrigate our sporting fields and gardens.

All staff are encouraged to reduce their environmental footprint by minimising the use of paper photocopies and by switching off fans and lights when they are not present in classrooms.

The school has also installed automatic doors to the student office to minimise cooling costs due to the frequent entry and exit of students.

## School income broken down by funding source

School income broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

### Find a school

The screenshot shows a search form with a blue background. It contains the following elements:

- A text input field labeled "School name" with a red "GO" button to its right.
- A text input field labeled "Suburb, town or postcode".
- A "Sector:" label followed by two checked checkboxes: "Government" and "Non-government".
- A large red button with the word "SEARCH" in white capital letters.

Where it says 'School name', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the **Terms of Use** and **Privacy Policy** before being given access to the school's *profile* webpage.

School financial information is available by selecting 'School finances' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of income by funding source.

#### Achievement – Closing the Gap

Urangan SHS had a total enrolment of 1698 students in 2015, of which 160 students identified as being Indigenous. Indigenous student attendance for 2015 was 84.5%, a figure slightly lower than non-Indigenous student attendance of 88.5%. The gap in apparent retention rates between Indigenous and non-Indigenous students in 2015 was – 2.3%, a significant improvement from the previous year.

2015 saw a reduction in the gap for NAPLAN results for Indigenous students. Overall results in reading, writing and numeracy strands saw gaps of 9, 15 and 22 in the mean scores respectively. Indigenous results in NAPLAN are still below the 2015 Queensland state schools mean for all students.

### Students with Disabilities

Urangan State High School values the importance of the Special Education Program and its role in the lives of students with disabilities and their families. Our vision and principles reflect the importance of the development of inclusive practices that will enable students to achieve the skills required to become life-long learners in a global community. USHS-SEP aspires to enable learning in all areas of education, from academia to personalised programs for students with disabilities.

USHS-SEP is committed to ensuring students with disabilities engage with the P-12 National Curriculum opportunities to achieve 'on the same basis' as their peers. The Special Education Program encourages collaboration within the whole school and broader community to ensure students with disabilities are provided with access 'on the same basis as their peers.

The Special Education Program is a grouping of resources to support the education of students with disabilities. These resources include special education teachers, teacher aides and other support personnel such as advisory visiting teachers (AVTs), speech-language pathologists and occupational therapists.

In Queensland, special education programs support students with one or more of the following disability areas:

- Autism Spectrum Disorder
- Hearing Impairment
- Intellectual Disability
- Physical Impairment
- Speech-Language Impairment
- Vision Impairment

USHS provides a range of learning opportunities. Some students may complete their learning in mainstream classes with support from teacher aides, some student complete their learning within the SEP where curriculum is modified to meet their specific needs. Some students participate in a combination of learning environments.

The SEP has grown substantially in 2016 – with over 150 verified students. Aligning with the state averages, our SEP population is approx. 45% of all verified students. All year 11 and 12 SEP students are completing a Certificate 11 – in their chosen field. All eligible year 12 students will obtain a QCIA at the end of year 12. Our mainstream SEP students aspire to achieving a QCE and/or OP.

### **Post-school destination information**

At the time of publishing this School Annual Report, the results of the 2016 post-school destinations survey, Next Step – Student Destination Report (2015 Year 12 cohort) for the school were not available. Information about these post-school destinations of our students will be uploaded to the school's website in September.

### **Early school leavers information**

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12.

Some students do not complete studies to the end of year 12. There are varying reasons that students do leave school early, including:

- Full time work
- Part time work
- Obtaining a traineeship or apprenticeship
- Moving out of the area.
