Urangan State High School is located in the beautiful coastal city of Hervey Bay, Queensland. Since 1992 Urangan High has been delivering quality educational services and programmes with an emphasis on innovation in all aspects of our curriculum.

Urangan High has set the pace in Hervey Bay by providing first class education choices and practices. We emphasise the important balance of valuable academic experience with a meaningful “hands-on” approach to real-life learning.

Reasons why Urangan SHS is Hervey Bay’s school of first choice:

- Our classes are generally small in size
- The close-knit, caring and inviting atmosphere
- Individualised attention
- Inspiring and friendly faculty staff
- The mature relationships between students and teachers

Urangan SHS International Program:

The Urangan State High School International Program was established in 2009 with the support of Education QLD International. Officially beginning with the implementation of the Sister School relationship with “Leshan No 1 High School” from the Szechuan Province of China, USHS’ international program has grown exponentially over the 9 years. USHS now hosts an average of 80 long term international students per year as well as two short term study tours, professional visits and days visits. To further our sister school relationship, USHS also works in partnership with “Darul Istiqamah” boarding school in Kalimantan, Indonesia to develop STEM projects for students from both countries.

The aim of the international program

1. Build cultural knowledge and awareness
2. Support student exchange programs and study tours
3. Develop intercultural understanding
4. Establish sustainable school partnerships
5. Contribute to a community of learners
6. Enhance students STEM capabilities
7. Enhance 21st century Skills: Personal and social skills, Collaboration and teamwork
