

3 March 2020

Dear Parent/Guardian

We are seeking Expressions of Interest from families who would like their child to participate in a Digital Device class. In 2021 we are continuing to offer Digital Device classes in Years 7-9 where all students in the class have their own laptop or tablet. These classes will have a heightened use of digital learning opportunities in their core classes of Maths, English, Science and Humanities.

Once we receive Expressions of Interest, we will determine how many Digital Device classes will run in 2021. Teachers apply to teach these Digital Device classes and will be developing their use of Digital Pedagogy throughout the year and planning exciting learning opportunities.

In 2021 we are also considering having a Digital Device class where all students use an iPad instead of a laptop. This will enable the entire class to utilise specific apps unavailable on other platforms. Please indicate below if you would prefer to have your child in an iPad or laptop class.

If you would like your child to be considered for a place in a Digital Device class, please complete the Expression of Interest below. Act quickly as places are limited. The number of classes will be determined by the number of applications. A waiting list will be created in the instance where there are insufficient numbers to create a whole class. We will notify you if your child is being offered a place towards the end of Term 4, once the 2021 Year 7 timetable has been finalised.

If offered a place, you will be required to provide your child with a suitable laptop or tablet in 2021 and join the BYOx program, which is \$25 annually. Please see the BYOx document for further details. Participants will also need to ensure they have submitted their Student Resource Scheme forms and that all fees are up to date or an active payment plan in place.

NB: Students who are accepted in our ACE Program will be required to have a device.

Regards

Glen Robinson
Principal

Expression of Interest – Digital Device class 2021

Student Name: _____

I would like my child to be considered for a Digital Device class in 2021. If my child is offered a place, I understand I will need to provide a suitable laptop or tablet, as well as join the BYOx program at a cost of \$25 annually.

I would prefer my child is in

iPad Digital Device Class

Laptop Digital Device Class

Signed: _____
