

WELCOME TO

URANGAN STATE HIGH SCHOOL

Dear Parents/Guardians

Urangan State High School is a friendly, happy and busy community where our vision is "The Pursuit of Excellence... Every Minute, Every Day". On a day-to-day basis through our motto "Working Together to Learn", Urangan State High School provides access to quality education... access to a better life. Our school operates on a philosophy of setting high standards and expecting students to strive to be the best they can be, in all facets of their lives.

In 2017 Urangan State High School became one of only 250 schools to be selected as an Independent Public School (IPS). Queensland IPS are high potential schools afforded some flexibility to test new ways of working through:

- Managing their planning and review process
- Determining staffing options
- Being accountable to their local community and the broader state school system through arrangements that value community participation.

All IPS remain part of the strong state system. They have a responsibility to work within the system to support growth and share learning and practices to build collective capacity.

We provide many opportunities, both inside and outside the classroom, for students to develop to their full potential. This is done in an orderly, friendly and supportive environment. Urangan State High School is dedicated to discovering the best within all students through high quality educational and social experiences that expose them to new ideas, new ways and new possibilities for future success.

We believe in creating a school based upon mutual respect and empowerment, where:

- Students access a diverse and viable curriculum
- Students feel safe and able to achieve their full potential
- Parents' involvement is valued
- Staff are enthusiastic, supportive, and professional
- Teamwork, confidence and communication are the basis of success and happiness.
- Students develop the knowledge, skills and attitudes to achieve their future pathways

Parents are always welcome in our school, as you play an important role in our school community and students benefit from you taking an active interest in their High School activities.

We look forward to meeting you.

Yours sincerely

Glen Robinson
Principal
